

Academic Support Coordinators

Contact SOS (Student Outreach Services) to **speak to a Academic Support Coordinator**, assisting all students with a focus on first-generation, multicultural and non-traditional students, providing connections to personalized academic coaching, peer mentoring and specialized programs.

They can answer questions like:

“ How can I best balance work and school?”

“ Can you help me find a major based on my accrued credits?”

“ Can you help me strategize for graduate school?”

“ Can you help me find the correct person to address my questions or resolve my issues?”
